DATA

Block Ownership. The dataset comprises all blockholders who hold at least 5% of outstanding shares in US public companies for each year between 1998 and 2025. You can also access this dataset via WRDS using the following links: [WRDS link](#) and [personal website link](#).

Regulatory Fragmentation. The dataset contains measures of Regulatory Fragmentation, Topic Dispersion, and Regulation Quantity for all US public firms between 1995 and 2025. You can access it via this [link](#).

Rule Relatedness. The dataset provides a company-specific measure of rule relatedness for all proposed and final SEC rules between 1999 and 2023. You can access it via this [link](#).
